## PROFESSIONAL SUMMARY

Biochemistry graduate with current laboratory experience at Hensard University Hospital and a strong parallel data analytics skillset. Proficient in sample preparation, diagnostic testing support, laboratory documentation, and SOP compliance in healthcare environments. Complements laboratory expertise with advanced reporting capabilities — Excel dashboards, Power BI, SQL, and Python (Pandas, NumPy) — to improve operational visibility and performance monitoring. Detail-oriented, accurate, and committed to quality. Available immediately for Laboratory Technician, Lab Assistant, and Data Support roles.

## CORE COMPETENCIES

<b>Laboratory</b>	Sample handling & labelling, diagnostic testing support, SOP compliance, quality control, equipment maintenance
<b>Documentation</b>	Laboratory record management, specimen tracking, result documentation, audit-ready filing systems
<b>Data Reporting</b>	Excel (Advanced), Power BI, SQL — KPI dashboards, performance monitoring, operational reporting
<b>Python</b>	Pandas, NumPy — data processing, analysis, and workflow automation
<b>Soft Skills</b>	Attention to detail, accuracy, teamwork, communication, adaptability in fast-paced environments

## WORK EXPERIENCE

<b>Laboratory Assistant</b>	June 2025 – Present
Hensard University Hospital   Toru-Orua, Bayelsa State	
<ul style="list-style-type: none"><li>Support laboratory scientists in sample preparation, labelling, and diagnostic testing workflows</li><li>Maintain accurate laboratory records and ensure SOP compliance within a live healthcare environment</li><li>Track laboratory KPIs including sample turnaround time, completion rates, and test performance metrics</li><li>Ensure equipment cleanliness, safety standards, and correct sample handling procedures at all times</li></ul>	
<b>Junior Data Analyst</b>	June 2022 – May 2025
Pax Corporation   Remote	
<ul style="list-style-type: none"><li>Analysed operational datasets using Excel (Advanced), Power BI, SQL, and Python (Pandas, NumPy, Matplotlib)</li><li>Built interactive dashboards and automated KPI reports, reducing manual reporting effort by ~40%</li><li>Maintained database integrity through rigorous data validation and cleaning, achieving 95% monthly accuracy</li><li>Delivered actionable insights through statistical analysis and data visualisation for senior management</li><li>Managed CRM data and supported tender tracking, business development, and performance monitoring</li></ul>	
<b>Operations Manager</b>	November 2020 – May 2022
Octa Consult   Rivers State, Nigeria	
<ul style="list-style-type: none"><li>Oversaw daily operations with a 90% success rate across scheduling, production, and resource allocation</li><li>Implemented quality control measures achieving 70%+ compliance with established standards</li><li>Managed client relationships delivering 100% customer satisfaction across all accounts</li></ul>	

## RELEVANT PROJECTS

### Laboratory Operations Performance Dashboard

Microsoft Excel | shorturl.at/QI9Bd

- Designed interactive dashboard tracking 1,470 samples — 84% completion rate, 100% approval rate
- Automated KPI reporting: completion rate, failure rate, processing time, and sample turnaround

### **CRM Sales Performance Dashboard**

*Microsoft Excel | shorturl.at/Rrw7O*

- Analysed 8,800 sales opportunities across a \$10M revenue pipeline
- Automated reporting workflows and tracked win rates, client activity, and sector performance

### **Python ERP System — Full Business Workflow**

*Python | github.com/PereTheDataAnalyst*

- Developed ERP system covering procurement, inventory, HR/payroll, finance, and sales automation
- Built to digitise end-to-end operations for SMEs transitioning from manual business processes

## **EDUCATION**

---

### **Bachelor of Science in Biochemistry — Second Class Upper (2:1)**

*January 2016*

Niger Delta University, Wilberforce Island, Nigeria

## **CERTIFICATIONS**

---

### **Google Data Analytics Professional Certificate**

Google / Coursera | 2022

### **Data Analytics Bootcamp**

Professional Development | 2022

### **Effective Problem Solving and Decision Making**

Professional Certification | 2023

### **Communication in the 21st Century Workplace**

Professional Certification | 2023

*Available Immediately | Open to Healthcare, Oil & Gas, NGO & Research Environments*
